

Alex Mercer

Senior Software Engineer

alex.mercer@email.com | +1 (555) 019-2834 | San Francisco, CA | linkedin.com/in/alexmercer

PROFESSIONAL SUMMARY

Results-driven Software Engineer with over 6 years of experience designing, developing, and deploying scalable microservices and cloud-native applications. Proficient in Python, Go, and distributed systems architecture.

PROFESSIONAL EXPERIENCE

Senior Backend Engineer | Apex Cloud Solutions (2022 – Present)

- Led migration of legacy monolith to Kubernetes-orchestrated microservices, reducing deployment latency by 45%.
- Architected high-throughput event-driven ingestion pipelines handling over 50M daily requests using Kafka and Python.
- Mentored junior engineers and established robust CI/CD security standards across 4 engineering pods.

Software Engineer | DataFlow Systems (2019 – 2022)

- Developed RESTful and GraphQL APIs powering core analytics dashboards utilized by 200k+ enterprise users.
- Optimized PostgreSQL database indexing and query plans, lowering average query execution time by 30%.

EDUCATION & CERTIFICATIONS

B.S. in Computer Science | University of California, Berkeley (2015 – 2019)

- AWS Certified Solutions Architect – Professional
- Certified Kubernetes Administrator (CKA)

TECHNICAL SKILLS

Languages: Python, Go, TypeScript, SQL, Bash

Frameworks & Tools: FastAPI, Docker, Kubernetes, PostgreSQL, Redis, Kafka, Terraform, AWS
